INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Wallstreet Associates, Inc. Birmingham, Alabama

I have audited the accompanying balance sheet of Wallstreet Associates, Inc. as of December 31, 2007 and the related statements of income (loss) and retained earnings, statement of changes in stockholder's equity, and statement of cash flows for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also include assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wallstreet Associates, Inc. as of December 31, 2007, and the results of its operations and its cash flows for the period stated in conformity with accounting principles generally accepted in the United States of America.

My audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in my opinion, is fairly stated, in all material respects, in relation to the basic financial statement as a whole.
